Show & Shine Classification

Class

Code:

Driver Name _____ Year and car color _____

Cell phone # with area code _____ Model _____

Cars are placed in different classes in an attempt to keep things competitive. Each year and model of Camaro is assigned to a base class. If you have any options or modifications from what came from the factory on the base model for that year, you may have to add points. If you made a modification that isn't listed, you don't have to add any points. We tried to make the classification as simple as possible so just do your best assessment of your car, however gross error or omissions could result in automatic disqualification. If you have a question, complete as much of the form as possible and then ask a rally committee member.
